That is all

I don't think that is all.
I couldn't find out where you are from. but I did find out you are a wanted person.

Of course
That is how it should be done
But no one will doubt even if you deny that you are here illegally
Don't you want to live here peacefully?
Not being chased ?
Did you know? One of easiest way to immigrate to Normal City is by marriage a guardian so to speak
All you need is few simple physical tests and that's it

We have no more places to search Isha
We've looked everywhere
He's not in this building
Maybe he met someone he knows and went out ?
He would have told me if he was going out
He wouldn't just disappear during the rehearsal
Something must have happened to him
Keep searching Cesli

When I was told of the news, I was skeptical... You did come.

I didn't come here because of you
Where's Amen Shita?
It's not like I don't like sleeping with women
I don't care what kind of woman no person..it's
I know So
In her room You don't have to do this, Venus
Every person is lovely in their own way
But it's different if it's an order by Troll
But -

But then I wondered how it would be like to do as ordered.
There s no me and no love
Just as a mere animal with a sexual organ
I wondered how it would feel like doing it as a breeder
So I came to find out how it is like to be one

You are

Everyone s

If I have to

Where s

Venus yes I like you
It was for a short moment but the feeling And it still is
We are ordered to do this
So

Not like this
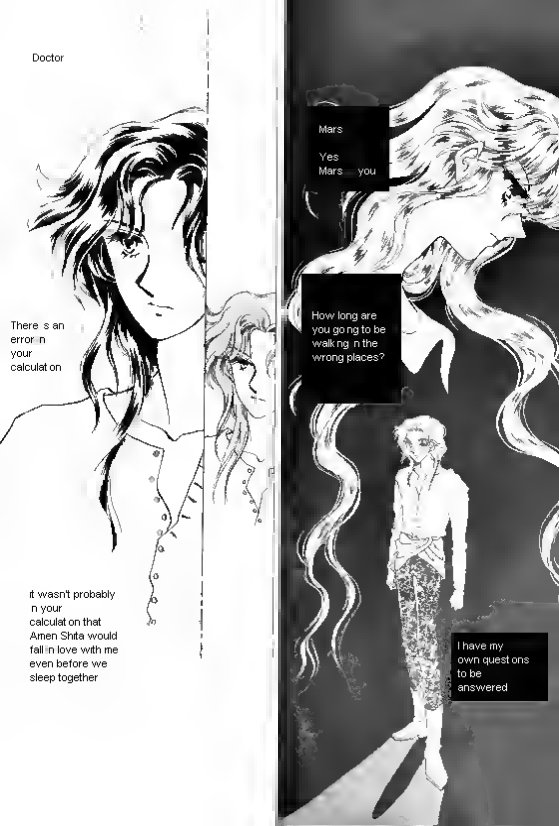
Get out !
Get out of here now !



Doctor
There s an error n your calculat on

Mars

I have my own quest ons to be answered

What s so funny ? You want a second round ?

Calm down Calm down

Is the radioactive area really that dangerous ?
Where are you from ?
Mars
Ah yeah? I am from Jupiter then
I am really from Mars it's been about a half year on Earth
This and that and here I am
Well I guess I am really the one who's here illegally
www.janimes.com

An illegal sojourner

With an illegal
soul as well ...

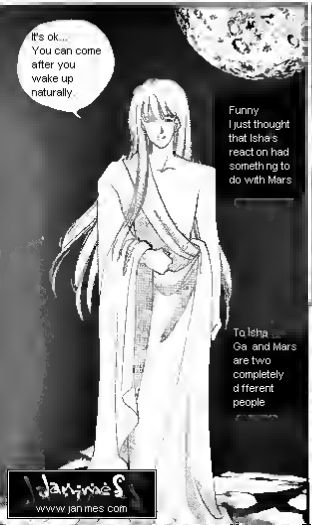
Isha .....
I've never felt warmth in this city.
The city is always so cold.
It makes me feel as if I am standing on edge of an ice cliff.

Ga
I ve felt exactly the same
That s why you were mportant to me

Anyway I am glad Dream connecting s actually useful at a t me Ike th s
Where are you?
Tell me I w ll go where you are if I can

D d I mean warmth to h m ?
I am n some kind of center for llegal sojourns Looks ke I was reported
If you don't come soon I m ght just have to get marr ed to some old woman

What the ?
Uh ... um, how do I wake up ?
I had no idea the center was that kind of place ? Just wait. I will wake up and get to you now !



It's ok... You can come after you wake up naturally.
Funny I just thought that Isha's react on had something to do with Mars
To Isha ... Ga and Mars are two completely different people
Janimes

Thanks, Isha
You are thanking me ?
Don't be weird just because this is a dream.

Amen Shita refused me So I was k cked out
Why? I thought she l ked you
Looks l'ke that was why

She probably wanted me to love her as well
I don't want to end up like rap ng her
So tell Dr Troll the situat on

So, I don't know what k nd of person she was and s
But I have a feel ng that she s a good kid

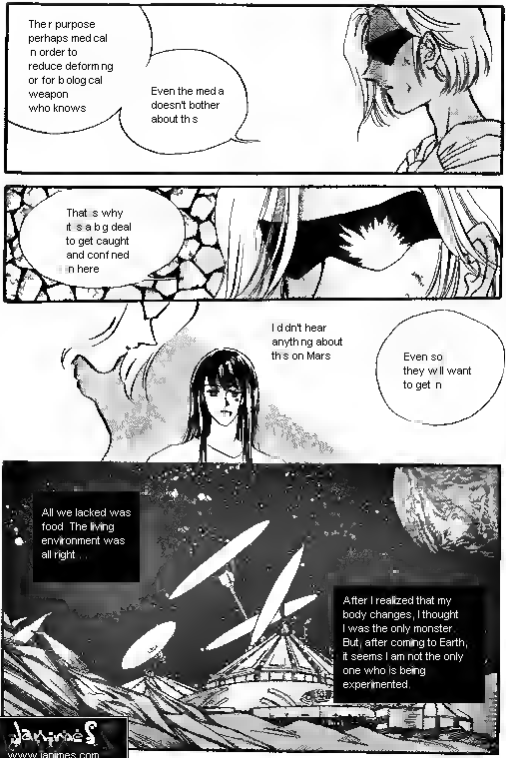
But, one day ....,
she will have to be taught of killing ....

If the day really comes, and when she has to be set out to kill Mars ....
Don't call M ssel
And don't tell her that I was here
What ?

Ha !
Just who do you think you are ?
The only reason I let you enter here was...

Yes,
I understand.
Yes...

She won't let go of her likings
If she said that to you, that means she has her eyes on you
She s qute wel known for that among us
If you refuse you w ll be sent to the exper ment stand
Exper ment stand ?
You don't know ?
What ?
it s supposed to be a secret, but pretty much everyone knows We are often used for b olog cal exper ment



Their purpose perhaps medical in order to reduce deforming or for biological weapon who knows
Even the media doesn't bother about this
That is why it is a big deal to get caught and confined in here
I didn't hear anything about this on Mars
Even so they will want to get in
All we lacked was food. The living environment was all right...
After I realized that my body changes, I thought I was the only monster. But, after coming to Earth, it seems I am not the only one who is being experimented.

www.janimes.com

it was only

These people
They are here

They experiment
their own race
for their sake
Looks like
you don't

Let me give
you an
advice
You said you
might have a
way out of here
Get out of here
as soon as you
can

Why ?
We got caught ntent onally
We are here to rescue our fr ends and fam ly from th s fac lity
But we cannot guarantee your safety as well as our own
If you have a way to get out of here safely..do so now
No one w ll be respons ble f you de dur ng the cr s s
Carrot, are you the boss?
NO ! NO ! I mean ....
We haven't exchanged our names.
I don't want to exchange you
Then I will keep calling you carrot.

Ted Nicole
But don't call me fr endly
I am Ga S Heston
Is that your real name ?
Why do you ask that ?
Well many use fake names due to the r pr or records
I just f gured you m ght be us ng a fake also
Ah
If you say so haha
So it s a fake
No but

It s my real name for now Trust me
And the m ddle name s a name I love the most
Yes ...I love the name the most
It makes me feel l ke S on is ns de of me
Then call you S on?
No just call me Ga That s hpw people call me usually
Hmmph.
Anyway how are you go ng to rescue them ?
No way am I go ng to tell you How am I supposed to trust a stranger? Just be thankful for tell ng you my adv ce

But you trusted me and told me your plan
I guess I was wrong then..
Well, yeah, if there is nothing I can help, I guess I don't need to know..
Kismet City © 07

You are very suspicious ...
But I've already told you our plan ...

We hired some espers.
After they teleport us to their main facility, we will require their support.
We are aware that they can't help us all the way and rescue all though
What will happen next will be purely our business

Espers ?

Isha found out Gai's whereabouts

Ok Peter go with him But go slow
And draw his attention on even when you are at the center
Understood
But Cecil should I contact them and not to kill
Just do as I say !
OFF
How unpleasant
I was very kind and forgiving to him In fact I was the kindest to him among other people I've encountered so far
But that Isha's attitude

He has never shown any kind of gratitude
And I don't feel like he has become mine at all
I can't take this !
And I can't take the fact that I am spending so much energy on a person !

www.jamines.com

I didn't know you knew that much.
Why didn't you tell me in the first place
I was hiding the truth because he was wanted by the administration.
Because the fact is that he was sent to the experiment table already
I needed to hide the fact that he ever came here
You should go there to find him

Change of plan!
Send him to the science facility right now!
Yes ?
Do it now
Send him there and inject the drug Make it look like he was killed by accident there
If they find out that I didn't report to the administration about a wanted person it will do no good
Damn it

I thought he was just another illegal sojourn
But what is this
Cecil from Max wants him dead
And Isha Green is looking for him
And now the admiral Kane Neffe ?

Mars was involved in the breakout
You don't seem to be surprised at all, Venus
I kind of thought that she might have been near Isha
What? You knew?
I didn't know
Why didn't you tell me
It was just a guess
www.jaimes.com

My wave can meet Mars only when she s very unstable
And it s not l ke I have an ab lity to enter other s dream
Even after she lelled S on, and I knew it was a b g deal for her
my wave couldn't meet hers at all
She must have been very comfortable be ng near Isha
What are you say ng ?
Isha Green and Mars ?
it s just a guess

Venus ?
Nonetheless funny
Yes very nteresting
th s feel ng that feel ng
New thr ll every t me I am encountered wth new sensat on
But such a guess sure d scomforts me
When I meet Mars in person next time,
I am sure that I w ll be encountered wth new set of sensat ons

I will be looking forward to meet her again
Yes..., Mars ... Assure me of my feelings.
He always smiles softly
But to no one, to nothing...
He has shown any humanitic emotions
And that Venus ...
Is it just some random chaotic change of emotions ... ? Or ...

Kira has betrayed
That is the only explanation since she hasn't returned after she was sent to terminate Kit.
Paet and Hecker were killed.
Kit has betrayed and Kira has lied to me and betrayed.
Is this the true face of the Medua?
Are they really my children ?
How could you treat your owner like this!
Janimes
www.janimes.com

He s really angry th s t me
Doctor leave them to me I w ll take care of them
Amen Shita You are not an except on I was told that you refused Venus ?
Ah but that s

Doctor_I don't thnk that s the top pr onty now
We should take care of the betrayers f rst
F ne
Day after tomorrow Past and Hecker s clone w ll be completed
Amen Shita and
Sion Revy will join.
The new Medusa will be born

Son Revy _sr ?
Yes as far as ESP power s concerned she s not bad
The new Medusa w ll capture Kit and Klra al ve and br ng them to me
And then they w ll be executed r ght n front of me
That s how they w ll be pun shed

Medusa will be punished by Medusa

What s your problem w th them ?

So the super or

a fact that they

CRASH
GO TO HELL, ASHA
Those are
enough reasons
for you huh?

An esper with blond hair ?
And was powerful enough to destroy your bikes?
Anything else ?
I've seen some espers before, but no one was like her !
She did that to us because we insulted Isha Green Damned espers !
Why isn't the government doing anything to espers like that ?
I am going to sue against the government !
I don't think you did anything rightful
So what ? Isha Green should be executed !
You wouldn't say that if you were abused as an experiment
Good luck
Hey a female reporter ! Listen to us more !
We have to tell you about how the esper damaged our mental status
Ah...

Some nfo nd cate that she was also nvolved n the recent breakout

Hmm I d dn't really th nk she would get personal l ke th s

Is she a fan of Isha Green also ? Or d d she do that because he was a fellow esper ?

The adm n strat on s not releas ng any nfo

They even forbade us to broadcast what we recorded except the l ve reports

But that w ll only make my cur os ty grow stronger

If I could manage to nterv ew her

My gut s tell ng me that th s s b g

Alr ght that s it

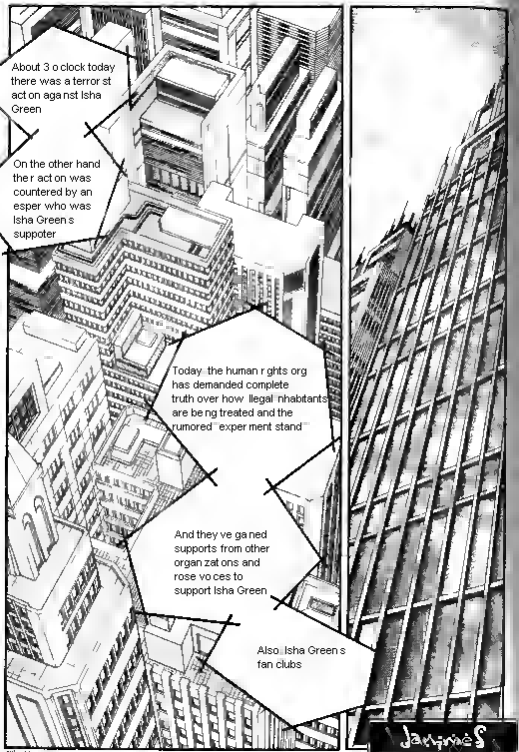
A small ncrease n heart rate and I bel eve it was due to aggress veness In fact her react on became faster
Hmm
It seems us ng Kitty 101 mage s working fa rly well
Alr ght we do th s tra n ng every 3 days
Yes

Missel,
SION
There have been a lot of weapon tra n ngs lately
It s to make you one of the Medusa
The members of new Medusa w ll be d fferent from the old one
You remember p ctures of them I showed to you r ght ? The docto ordered a new un form des gn even
Really ? I like red
I w ll keep that n mnd
Anyway, don't forget what I told you
Ahah ... use ESP only when I must ?
But I am healthy, M ssel

Just do what I told you
I don't like Son who doesn't listen. You don't want me to dislike you, do you?
Clone's life span heavily depends on usage of their powers
Son doesn't have to use powers unless she is set out to capture Mars
Hmmph
Ok
I want you to live much longer, Sion



About 3 o clock today there was a terror st act on aga nst Isha Green
On the other hand ther r act on was countered by an esper who was Isha Green s suppoter
Today the human r ghts org has demanded complete truth over how llegal nhabitants are be ng treated and the rumored "exper ment stand"
And they ve ga ned supports from other organ zat ons and rose vo ces to support Isha Green
Also Isha Green s fan clubs

Jamames
www.jan mes.com

We meet again at a bad time. Isha.
How did you get yourself invovled into something like this ?
You really th nk I am that good of a person?
Who knows
Were you dr ven by sense of just ce ?
It was just a co nc dence
Haha sense of just ce ? Forget It

Personally I have no ntent on to pun sh you
You d d watch the news r ght ? Pretty much everyone s support ng you and the med a s play ng along It should be no problem for you to go back and make up for It
Although It s not completely certa n r ght now
that s unexpected
I guess Normal City sn't bad at all
D d you know though? It s MAX that made other organ zat ons to support you They spent a lot of money on th s I am sure
You've become too b g of an nvestment for them to let you go
I w ll get you out
Ces I

Let me tell you someth ng nteresting
Do you know who the esper was that stopped ant -you terror sts?
Yes ?
Although I've stopped them from reveal ng the nfo
It was Mars Heaven
I guess hav ng been n the same team had some mean ng to her
Has she contacted you?
Don't tell me you h d her l ke before
Mars

I know I can't tell you the same le tw ce
Anyway she s h d ng fa rly well it seems
That rem nds me How are they ?

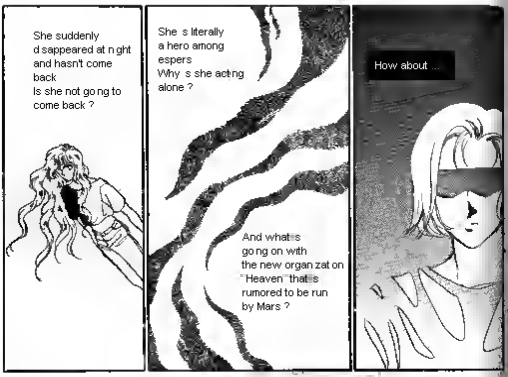
S on was killed dur ng suppress on

And by
Mars Heaven
Nice knowing you
You are not so bad
....
You've got to be joking...
You too
I hope you meet somebody soon
www.jamies.com

Mars ...,
you've gone
insane ....
You ...

....they've had a meeting today to . .
it must have been her
Huh? What ?
Noth ng
Pretty much everyone knows that it was her n MAX s bu ld ng when explos on occurred even though the med a made no ment on of her name
Today s wasn't b g but I am sure it was Mars
She does have a relat onsh p with Isha Green



She suddenly d sappeared at n ght and hasn't come back
Is she not go ng to come back ?
She s literally a hero among espers
Why s she acting alone ?
And what is go ng on wth the new organ zat on "Heaven" that is rumored to be run by Mars ?
How about ...

Th s could be a b g chance to gather espers and become more act ve

Perhaps some changes to the world could be made

Everyone s vo c ng up
That why Mars Heaven hasn't appeared n front of them
If the leaders show a s gn of havoc the whole organ zat on w ll be in havoc
So how much longer are you just go ng to wait ?
Tell me the truth Kitty doesn't even know ex stence of th s organizat on does it ?
Wouldn't it be ser ous f Mars Heaven doesn't appear anyt me soon?
I told you not to call her Kitty Kra

Kitty
I ve been told to shoot her
Kitty 101 has another name?
Ahah she s called Mars Heaven n soc ety
So you d dn't know
I see
Mars
The planet Mars ? Hmm n ce name
STON
www.janimes.com

Mars came to you ?

Yes
But I am not go ng to tell Kane about it
What am I go ng to do

D d she look dangerous ?

Yes
She was exactly ke how she was after Tylor s death
She was shout ng and all but

But she was afra d of herself

You were probably the only one who could have held her hand

I am sorry

But it couldn't have been helped I also

I know I understand

I know that Mars loves S on and me

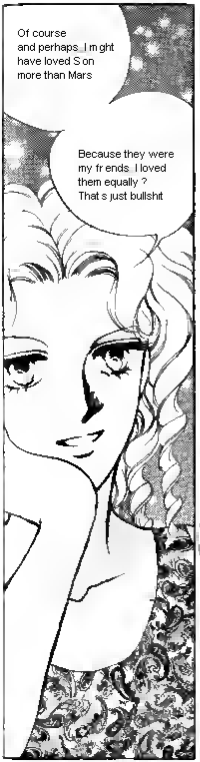
I know that

But honestly speaking there s only fr endsh p between Mars and me

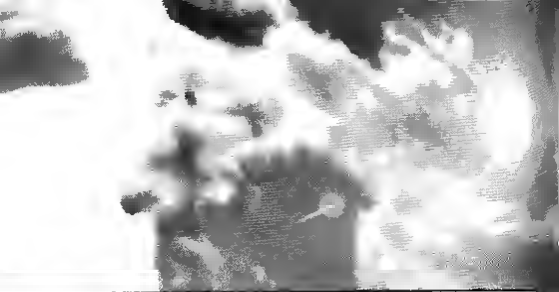
But it was d fferent with S on

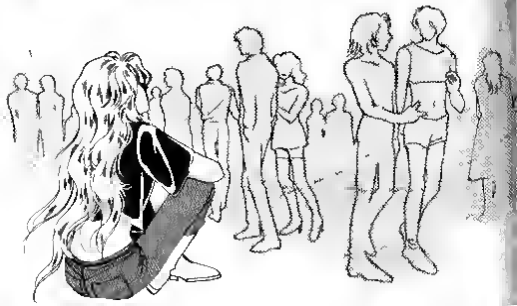
Mars and S on were d fferent

Yes Mars has always been unstable and been always full of herself
And it was Son who always stood up for her
Even so I am sure that Mars did not know in what way and how much she loved her at that time
What and who was Son for her
She didn't know That s what I think
And perhaps she didn't know who you really were to her either
Well the fact s that it is pretty messed up
And if I told her that I understood her I have a feeling that it d only hurt her more
Maybe you raised her wrong
What do you mean ?
Mars s not honest to her own feelings and actions
That was why I couldn't be closer to Mars



Of course and perhaps I might have loved Son more than Mars
Because they were my friends. I loved them equally? That's just bullshit
But
Still that does not mean I am not worried about her
Even though she murdered a friend of mine whom I couldn't see her end
With hatred and yet





Young lady ?
What s wrong? Are you s ck ?
No
I am not s ck
Why are you sitt ng here l ke th s ?
You look young d d someth ng happen to you ?
I have no place to go
Do you want me to contact the authority?
Hmm ?
